

IPHONE USER GUIDE

SEVEN EYE The Seven Eye app for iPhone and iPad is intuitive to use and needs little further explanation, but some useful hints and tips are provided below.

LOGIN

To login to the app,
use the same user name(s)
and password(s) that you
use for the Seven Eye
tracking website:

Username

Password

→ Login

Select “**Remember Username**”
for the Username to be
remembered between logins.

Select “**Auto Login**” for the
Username and Password
to be remembered
between logins.

LOCATION MAP AND SNAIL TRAIL MAP

Touch on a map
location marker to see
location data and
(where applicable)
Transcan data:

M6, Barton, Lancashire		
20/06/2011 07:48:48		
Rear	4.3	20/06/2011 07:40:00
Front	4.4	20/06/2011 07:40:00

Maps can be zoomed by double-tapping or by using pinch-to-zoom, and the map view can be changed between Standard, Satellite and Hybrid by pressing the View button.

JOURNEYS AND SENSORS SCREENS

Use the Previous Day, Calendar and Next Day buttons to view historical GPS data, Transcan data and CANbus data.

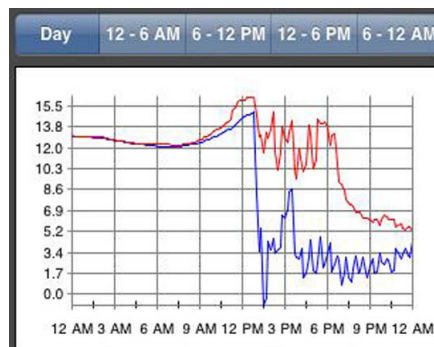

Previous Day

Calendar

Next Day

TEMPERATURE DATA IN THE SENSORS SCREEN

Touch on a time range
in the chart toolbar to
zoom into the chart for
that time range:

Press any of the sensor buttons
underneath the chart to see
temperature probe and switch
data in table format:

Front		
Timestamp	Reading	Alarm
10:20	4.1	
10:30	4.1	
10:40	4.1	

TEMPERATURE DATA AND CANBUS DATA IN THE SENSORS SCREEN

For vehicles with both Transcan data and CANbus data, use the icon to the right of the title bar to switch between them.
